

HP HDPE Reinforced Banner is a competitively priced recyclable High Density Polyethylene (HDPE) banner offering an alternative to traditional PVC scrim banners. It's durable for outdoor use, weather-resistant and strong.

Ideal for print service providers (PSPs) looking for a competitively priced, recyclable alternative to traditional PVC scrim banners.

This High Density Polyethylene (HDPE) media reduces the impact on the environment. It is recyclable and environmentally responsible¹ and offers rich colour vibrancy whilst minimising environmental impact. HP HDPE Reinforced Banner is a versatile banner for retail needs, signage solutions and street pole banners.

It can be used like a scrim banner but is light weight and recyclable¹, and is compatible with HP Latex as well as HP low-solvent inks.

Temperature-, tear- and weather-resistance ensures great outdoor durability. This durable woven High Density Polyethylene (HDPE) banner is designed to withstand harsh weather conditions without fading and losing vibrancy.

¹Free recycling of this material available in the US. Please go to www.hp.com/go/recycleLFmedia for details

HP HDPE Reinforced Banner

Compatibility

For compatibility information, please refer to the latest Large Format Supplies Compatibility chart on www.hp.com/go/designjet/supplies

For the latest ICC/media profiles, please visit www.hp.com/go/designjet/supplies (click on ICC profiles and select your printer). For non-post script printers see your external RIP vendor.

Product specifications

Weight	180 g/m ² per ISO 536 Test Method, 5.5-oz															
Thickness	8.5 mil/216 microns per ISO 534 Test Method															
Opacity	Greater than 88% per TAPPI T-425 Test Method															
Brightness	90% per TAPPI T-452 Test Method															
Lamination	Yes, spray															
Finish	Matte															
Tear strength	>30N per ASTM D1004 Test Method															
Tensile strength	>300N per TAPPI T-494 Test Method															
Operating temperature	15 to 100° C															
Operating humidity	20 to 80% RH															
Lightfastness (Indoor Home or Office) Low-solvent Ink	Greater than 200 years (with HP Latex Ink Supplies). For details: http://www.hp.com/go/supplies/printpermanence .															
Waterfastness	Water-resistant															
Dry time	Instant dry with heating (@ 23°C, 50% RH)															
Shelf time	2 years, unopened in original packaging															
Storage temperature	0 to 40° C															
Storage humidity	5 to 95% RH															
Country of origin	Product of United States
